IMPROVED AND
EXPANDED

Publication Manual

of the American Psychological Association,
Fourth Edition

With more than **2 million** copies of the *Third Edition* sold, and rapidly growing sales of the ***Fourth Edition***, the ***Publication Manual*** is the style manual most used by writers and students in psychology and other behavioral and social sciences, as well as the areas of nursing, criminology, and personnel management. The ***Fourth Edition*** of the ***Publication Manual*** contains new sections, including:

- Additional guidelines to reduce bias in language
- Expanded instructions for presenting statistical information
- Referencing that includes electronic media and legal materials
- Updated information on preparing manuscripts with a word processor
- General policies and ethics of scientific publication

The ***Publication Manual*** gives you all the information you need about the process of publication from organizing, writing, keying, and submitting your manuscript to seeing the accepted manuscript through production and publication. Plus, this ***Fourth Edition*** raises your awareness of publishing ethics issues and accurate, sensitive word choices in describing persons. **Order your copy of this essential resource today!**
© 1994. 368 pages.
